

CALIFORNIA OFFICE OF HISTORIC PRESERVATION
2020 GOVERNOR'S HISTORIC PRESERVATION AWARDS

The Governor's Historic Preservation Awards are presented annually under the sponsorship of the California Office of Historic Preservation (OHP), to individuals, organizations, companies, and public agencies whose contributions demonstrate significant achievements in preserving the heritage of California. The purpose of the awards is to recognize meaningful achievements in historic preservation through increased public awareness, appreciation, and support for historic preservation throughout the state.

We invite you to participate in celebrating the preservation of California's heritage by nominating individuals, organizations, firms, or agencies you believe are deserving of the Governor's Historic Preservation Award.

Award recipients are selected by an independent jury of distinguished professionals representing a cross-section of disciplines in the field of historic preservation. Presentation of the awards takes place in Sacramento.

General Eligibility Information

For Projects

Nominations should demonstrate creative solutions to the preservation and/or interpretation of California historic and/or prehistoric resources.

Nominations must clearly demonstrate how the project or activity conforms to applicable professional standards, such as the Secretary of the Interior's Standards for the Treatment of Historic Properties, or other standards for archaeology, interpretation, oral history, and other types of projects or activities.

For projects completed in compliance with local, state, or federal law, consideration is given only to those that exceed the legal requirements, include meaningful public participation, and demonstrate creative solutions to compliance requirements.

Project awards are given in recognition of the project and not to any one entity involved with the project. Awards for the drafting of legislation, local or statewide, are presented to the elected official who carried the legislation, along with those responsible for researching and drafting it.

- Special consideration is given to historic preservation projects/activities that:
- Demonstrate successful public-private partnerships;
- Benefit the community, and reflect community-centered and supported efforts;
- Promote sustainability and "green" design while preserving the historic fabric of a resource; or,
- Broaden the ethnic and cultural diversity of historic preservation activities.

For Individuals, Organizations, or Agencies

Nominations of public agencies shall clearly demonstrate how the reason(s) for nomination rise above and beyond those projects or activities that would normally fall within the agency's mandate to execute.

Nominations of firms or companies shall clearly demonstrate involvement in historic preservation beyond the scope of any contractual obligations.

For All Nominations

Nominee or nominated projects must not be involved in any preservation-related violations, lawsuits, or complaints. Compliance checking will be conducted to ensure all awards are appropriate.

Note: The Office of Historic Preservation, in consultation with the awards jury panel, reserves the right to present each award to any or all of the organizations, agencies, companies, and/or individuals responsible.
