

The [City of Arcata](#), in collaboration with the [Historical Sites Society of Arcata \(HSSA\)](#), will be tabling at our local Farmer’s Market on two Saturdays (May 6 and May 20) to spread the word about Historic Preservation in Arcata. Also we’ll be unveiling a couple of interpretive signs pertaining to Wiyot Cultural history and our Rail with Trail (attached). All of the signs will be installed along the community’s trails.

We’ll also publish in our local newspaper, a series of articles about the four most common architectural styles and eras found in Arcata throughout its history (Settlement, Victorian, Transitional, and Craftsman).

Lastly, our Historic Landmarks Committee Chair, the HSSA, and the [Creamery District](#) folks who are celebrating their 100<sup>th</sup> anniversary, will be receiving a proclamation from the City Council in recognition of National Historic Preservation Month!
