

SECOND PUBLIC MEETING FOR TOPANGA STATE PARK GENERAL PLAN

California State Parks (CSP) would like to invite you to the second public meeting, hosted at the Annenberg Community Beach House, for the Topanga State Park General Plan. The purpose of this meeting is to discuss approaches for the General Plan.

The options for the alternatives have been developed with the input received from the first Public Meeting held last September and from the on going planning and research process of the General Plan Team. The General Plan team, comprised of CSP landscape architects, environmental scientists, historians, archaeologists and park staff will be present to listen to your opinions about the options.

After receiving your input, the General Plan Team will formulate the single plan for the park. The team encourages the public to communicate their ideas about the options and their vision for the park.

A General Plan is mandated for state parks units by the Public Resources Code. The plan becomes the primary management document for a unit of the State Park System, establishing its purpose and management direction for the future. The plan does not provide specific designs or locations of facilities but does provide a vision for the park and guidelines for future development.

Questions and comments may be directed to:

California State Parks
Southern Service Center
8885 Rio San Diego Drive
Suite 270
San Diego, CA 92108

ATTN: Topanga State Park
General Park Team
