

HENDY WOODS STATE PARK

Hendy Woods State Park protects two groves of towering redwoods. Some of the trees may be more than 300-feet tall and 1,000 years old. Five miles of trails include Big Hendy Grove's Discovery Trail, which lead through the fern-filled forest. The state park is also a destination for swimming in the summer and canoeing and kayaking in the late winter and early spring.

from Santa Rosa**

Day Trip Option

Hendy Woods State Park's gentle trails lead through the spacious riverside meadow and the skyscraping redwoods of the Big Hendy and Little Hendy Groves. The 816-acre state park is home to bobcat and black-tailed deer, as well as cottontails and gray foxes. Ask about the Hendy Woods Adventure Pack!
